

EN TECHNICAL DATA SHEET

DESCRIPTION

Quick Wax is a corrosion protection wax for car bodywork, but is particularly suitable for side panels, interiors, doors, mudguards and bonnets. It is water repellent, paint neutral, flexible and resistant to heat, cold, salt and vibration.

CHARACTERISTICS

Quick Wax gives these parts rust protection, is water-repellent, water and heat resistant, frost, salt and vibration resistant. It dries very slowly and is visible almost only on the surface, while deep down it tends to remain waxy.

RECOMMENDED APPLICATION

It is applied with our Stone Chip Gun Adjustable - 1009-007522, and, thanks to its fluidity, the product infiltrates into the cracks, filling and protecting the sheet metal.

TECHNICAL DATA

- Nature of product: Alkyd wax
- Colour: beige - black
- Specific weight g/l :920 g/l
- Packaging :1000 ml
- V.O.C. :376 g/l
