## TECHNICAL DATA SHEET

### DESCRIPTION

Stone Chip Protection HS 3000 is a Stone Chip protective with high sound-proof power, which looks like orange peel. It is used for remaking and for rust-preventing, anti-corrosive and anti-abrasive treatment of car bodies, sidebands, spoilers, and other parts of the vehicle which are usually exposed to some particular stress.

Protects from damp, from salt and from rubble-abrasion. After hardening, it is very elastic and within a short time after the application you can over-paint it with each kind of finishing-paints for bodywork. It doesn't contain lead, tar, asbestos and chlorinated hydrocarbon, it is available in 3 colours.
