

ES TECHNICAL DATA SHEET

DESCRIPTION

9" pneumatic sealing gun, suitable for professional use.

The pneumatic gun is a lightweight gun with a safety valve to expel the air as soon as the trigger is released. It is highly recommended for bonding, sealing and beading applications on bodywork, as well as PU sealants and glass adhesives.

CHARACTERISTICS

- The gun body is made of lightweight aluminium
- Easy handling and manipulation for PU cartridges
- ¼" thread for all air connections.

TECHNICAL DATA

- Material: Plastic handle and aluminium tube
- Maximum working pressure: 145psi(10bars)
- Noise: less than 75dB
- Application of sealants or fillers
- Weight: 450g
