

**CAR
REPAIR
SYSTEM**

SP WELDING

Welding machine for plastic. Can fix any piece of car or motorbike bodywork (bumpers, aisles, headlights, footrests, grills, dashboards, mouldings, wheel arches, etc.). Easily and rapidly fixes, strengthens or redesigns any of these elements.

Enables to fix without dismantling. Reduces work time and material costs.

Three available intensities and three repair angles to permit an easy access to damaged area, even in hard-to-reach ones.

INCLUDED:

- SP WELDING controller and wand
- 100 UN - Staples SPW16 (Standard fine)
- 100 UN - Staples SPW18 (Standard coarse)
- 100 UN - Staples SPW26 (Fine reinforcement)
- 200 UN - Staples SPW28 (Coarse reinforcement)
- 100 UN - Staples SPW38 (Internal angles)
- 1 UN - Diagonal cutter
- 1 UN - Storage box
