

DESCRIPTION

Latest technology abrasive, product of the F1 GOLD LINE range of CAR REPAIR SYSTEM, top of the range in the abrasives market. Its aggressive and constant cut as well as its original long-lasting treatment make it very resistant to wear and tear. The choice of 15 holes for a better anti-fouling efficiency, this original perforation also offers a more homogeneous ventilation of the disc, less heating.

The F1 GOLD LINE by CAR REPAIR SYSTEM is distinguished by many advantages such as its support and its fixing system. In fact, its paper backing increases the life and flexibility of the abrasive disc, which facilitates the work of the body repairer in the workshop.

The F1 GOLD LINE abrasive disc by CAR REPAIR SYSTEM has a fixing system that ensures the disc is easy to fix and change. Its anti-fouling coating also ensures good sanding and paint finishing quality for bodywork, plastics and non-ferrous materials. The CAR REPAIR SYSTEM F1 GOLD LINE abrasive disc is used with a rigid or flexible pad with Velcro.

For professional use only.

SURFACE OF APPLICATION

- Automotive.
- Plastic finishes.
- Wood and painted surfaces.

TECHNICAL CHARACTERISTICS

- Abrasive material: aluminium oxide
- Material: paper
- Perforation: 15 holes
- Grip type: Self-tightening
- Unit packaging: Box of 100 discs

ADVANTAGES

- High cutting performance without clogging.
- Good sharpness.
- Long service life.
- Easy to sand contour surface.
