ORANGE WOOL PAD 3” 80MM

2004-000111

EN **INFORMATION SHEET**

DESCRIPTION

The Orange Wool Pad 3" (80mm) by Car Repair System is a high-performance accessory for automotive polishing. This pad is ideal for the removal of moderate to severe defects on painted surfaces, providing efficient cutting and a smooth finish. For professional use only.

Designed for automotive professionals, it is compatible with both rotary and orbital polishing machines, ensuring superior performance in all types of repainting work.

FEATURES

- High-quality material: Made from natural wool, which provides excellent cutting power, ideal for the polishing process.
- Diameter: 3" (80mm), allowing greater precision in small or hard-to-reach areas.
- Compatible with rotary and orbital machines: Versatile and adaptable to various types of polishing machines.
- Cutting efficiency: The wool pad offers quick removal of sanding marks, oxidation, and other surface defects.
- Durability: Made from durable materials, suitable for prolonged use in professional environments.

APPLICATIONS

- Recommended use: For the removal of sanding marks, surface scratches, oxidation, and other defects on painted automotive surfaces.
- Suitable surfaces: Automotive paint, varnishes, and repainted surfaces
